

# 2019 Cynosport® World Games

## Check-In / Groups / Schedule

Thank you for entering the Cynosport World Games! Here are a few reminders about this year's event.

**CONFIRMATIONS:** Carefully check your final confirmation to confirm all information is correct. If you have any questions, please email Helen at [cynosportsecretary@usdaa.com](mailto:cynosportsecretary@usdaa.com).

If your team has broken up, please notify the check-in crew so the secretary can find a substitute from available dogs. Please do not recruit a replacement. The show secretary will find an eligible substitute.

### CHECK IN:

- Competitor Check-In is in the show office to the right of the warm-up arena entrance.
- The Competitor Check-in area is small, so **please leave your dogs in their kennels** when checking in.
- Remember, you must check-in to confirm you are competing and if your team/pair is still intact.
- We'll also have goodies for you and will pass along any new information you'll need for the event.
- We encourage you to check-in as early as possible.

### LOADING/UNLOADING

- Competitors may unload their gear starting at **2pm** on Tuesday and at **6:30am** the rest of the week.
- You may unload your vehicle close to your crating aisle, but you must then move your vehicle and park in designated parking spaces. There is no parking between RVs and the barn – see map. This must remain open pursuant to the fire code. Cars parked in this area will be towed at the owner's expense.

### GROUP ASSIGNMENTS & ROTATION:

- Everyone is randomly assigned to a group. All jump heights may not be in each group.
- Please be ready at ringside when your group is scheduled to run to avoid scoring errors.
- Listen to announcements and sign up for Event Alerts on the Cynosport website for any scheduling changes.
- When your group's rotation is done for the day, we'd love to have you volunteer ringside, visit the vendors or check out the LAA/Top Ten presentation in the Miller Room on the Mezzanine.
- **Remember** – Jump heights within groups may be separated into different rings, so you may run the same course in different rings depending on your dog's jump height and if they are entered in Championship, Performance or Veterans classes.

Tennessee Miller Coliseum is a Non-Smoking facility. This includes all buildings, barns, and outdoor areas.
